3 The surface of the road used as such no doubt vests in the Municipality but I doubt very much whether that portion of the road which is not used as a road also vests in the Municipality under the Municipal legislation. I believe this point was raised by the D.C. of Hassan sometime back and Govt. decided that it does not and directed that rent received from the Kerb pump holders should be credited to Govt.

Under sec 50 (1) of the Municipal Regulation, "all public streets, and the pavements stones and other materials thereof, and also all trees, erections, materials, implements and things provided for such streets" vest in the Municipality". Again a "public street" as defined in sec 3 (12) means any street over which the public have a right of way or which is maintained out of Municipal funds. If what is let out to the pump holders is part of such a public street, then the rent belongs to the Municipality. If on the other hand, what is let out is a vacant space adjoining a public street but not forming part of such a street, then the question has to depend on as to whom the land belongs, to the Municipality or to the Govt. Rule 13 of the Land Revenue Rules read with Sec 92 (2) of the M.C. Regn shows that unless such land has been already transfered to the Municipality, it still vests in Govt.

Law.

In each case has therefore to be decided on its own merits & no general Rule can be laid as to the ownership of these vacant spaces on either side of a street in a Municipality.

## LEGAL OPINION.

Under Section 50(f) of the Municipal Regulation, "All public streets, and the pavements, stones and other materials thereof and also all trees, erections, materials, implements and things provided for such streets vests in the Municipality". Again a "public streets" as defined in Section 3(12) means any street over which the public have a right of way or which is maintained out of Municipal funds. If what is let out to the pump holders is part of such public street, then the rent belongs to the Municipality. If on the other hand, what is let out is a vacant space adjoining a public street, but not forming part of such a street, then the question has to depend on as to whom the land belongs, to the Municipality or to the Government. Rule 13 of the Land Revenue Rules read with Section 92(2) of the Municipal Regulation shows that unless such land has been already transferred to the Municipality, it still vests in Government.

Sir,

With reference to your letter No.D.2238-46/Geol.74-31-dated 14-11-1933, calling for a report of action on your memo No.D.4962-70/Geol. dated 4-4-1933, re: levy of ground rent in respect of Government land used for Petroleum pumps, I have the honour to state as follows:-

Petroleum pumps have been erected only at Hassan, Arsikere and Saklespur. Government have, in their order No.L.6323-5/Ml.17-29-51 dated 31-1-31, approved the action of the then Deputy Commissioner in having suspended the resolution of the Hassan Town Municipal Council and directed that the ground rent levied in respect of the plot of land on which the petroleum pump has been erected, be credited to Government. Accordingly, the annual ground rent of Rs. 75/- is being credited to Government. Similarly, Government ~~have~~ declared the land on which the petroleum pump has been erected at Arsikere, as Government land, and directed that the ground rent levied thereon be credited to Government (Vide Government Order No.L.3242-3/Ml.113-31-12 dated 9-11-1932). A copy of this Government order having been sent to the President for necessary action, he submitted an extract from the proceedings of the meeting held on 19-3-33, requesting that the order may be recommended to be reconsidered. He has been asked to furnish definite particulars and his reply is awaited. I have however asked him to give effect to the Government order and credit the ground rent to Government.

As re: the site on which the petroleum pump has been erected at Saklespur, I may state that the Executive Engineer having written to the Municipal President to the effect that the land belongs to the Municipality, the Municipal Council granted the necessary license to the petrol company and have been recovering the ground rent from 1930. ~~The Executive~~

The Executive Engineer having now written to me stating that the land belongs to Government, a report was called for from the Municipal President and a copy thereof sent to the Executive Engineer. The matter is under correspondence. I will send up a further communication on receipt of the final report from the Executive Engineer.

With reference to your letter No.D.4595-603/Geol 74-31 dated 23rd March 1934 in the matter of levying ground rent in respect of Government land used for erecting petroleum pumps, I have the honor to invite your kind reference to this office letter No.C.1953-33 dated 21st November 1933 and to state as follows:-

The Petrol bunk at Hassan has been removed by the Company as the land on which it had been erected was required for constructing a Circle.

As regards the pump site at Saklespur, the Executive Engineer having written to say that the land formed the road margin of the Bangalore - Mangalore Road, the President, Saklespur Municipal Council has been asked to substantiate the claim of the Council to the land, and his reply is awaited.

The Arsikere Municipal Council have similarly claimed the pump site as theirs, while the Executive Engineer contends that it forms the margin of the Bangalore - Honnavara road. I have requested the Executive Engineer to furnish his views in the matter, and on hearing from him, a further communication will be made to you.

GEN. & REV. SECRETARIAT 14 DEC. 1934 DEVELOPMENT BRANCH.

Sir,

With reference to your letter No.D.3369-71/Geol.74-31, dated 23rd November 1934, re: the levy of ground-rent in respect of Government lands used for the erection of Petroleum pumps, I have the honor to invite your kind reference to this office letters Nos. C.1053-33 and C. 2288-33, dated 21st Novr 1933 and 5th April 1934, respectively, furnishing information on the subject and to state as follows:-

As already reported, the Petroleum pump which had been erected on the vacant strip of land adjoining the Hassan - Holenarsipur road at Hassan was removed by the Company. They have asked for a new site, and if this is granted, necessary action will be taken to levy ground rent, in consultation with the Executive Engineer, Hassan.

As stated in para 3 of this office letter, dated 5th April 1934, the President, Saklespur Municipal Council had been asked to substantiate the claim of the Municipality to the strip of land on which the pump has been erected. As the records relating to the construction of the Installation Chatram, near which the pump had been erected had been enclosed in another record, the President requested for the return of these records. I am taking action in this behalf and as soon

as I hear from the President, the question as to whether the land belongs to Government or the Municipal Council will be disposed of or submitted to Government for orders as the case may be.

As regards the pump site at Arsikere, the subject has been submitted to Government for orders. (Vide this office letter No.C.1197-33 dated 5-5-1934).

Excepting these 3 places, Government sites have not been granted for the erection of petroleum pumps in any other Municipality in this District.

I have the honor to be,
Sir,
Your most obedient servant,

For Deputy Commissioner,
(Absent from Head Quarters)
Hassan District.

SIR,

Referring to your letter No.D.4598-9/Geol. 74-31 dated 21st January 1935, re: the levy of ground rent in respect of land used for petroleum pumps, I have the honour to state that the Executive Engineer, Kolar, has informed in his letter No.727 dated 22-5-1934 that the Pumps at Chintamani, Bowringpet and Chickballapur are said to be not on Government land. The pump at Kolar, is erected on vacant site forming part of the Municipal Park. The pumps at Kolar Gold Fields are in 7/8 and 7/9 of Krishnaraja Road. Hence no rent is being levied by Government.

I have the honour to be,
Sir,
Your most obedient servant,

Treasury Assistant Commissioner,
For Deputy Commissioner,
Kolar District.
